Modern Living in Historic Melaka

Located on a quiet street in the heart of Melaka, Rosa Malacca is the perfect centre point for all the best local attractions in the city. The industrial-style hotel inspired by the modern chic lifestyle of a young business person provides a serene retreat with all the best comforts. Featuring an interior with a European twist and minimalistic industrial décor – think raw cement, red brick walls, and exposed beams – Rosa is poised to be prettiest hotels on the block.

STAY

So whether you're there for business or a leisurely trip, all 60 rooms at Rosa are designed to be spacious and comfortable. Their deluxe, premier, and family rooms all come with open closets, TV, Wi-Fi and wide windows – tailored to feel like a home away from home. Rosa's location is of course also quite convenient, being only a stone's throw away from the famed Jonker Street and many of Melaka's historical sites including the iconic Kota A' Famosa, Christ Church, and Stadthuys.

From Rosa's front desk, you can easily book a Grab or Uber to take you around town or hop on one of the traditional colourful trishaws (or *beca* in Malay) and listen to the driver's many stories about the historic city.

EAT

For sustenance, Rosa offers up its deli and café, Bica & Co, run by a talented Scottish chef. The entire menu here is rooted in the traditions of European cuisine, with a focus on pairing earthy flavours with modern techniques and surprising twist. Expanding on the modern lifestyle approach, Bica & Co offers freshly prepared meals with most ingredients sourced from the local markets. The team at Bica & Co also prepare many of the elements from scratch, including sauces, marinades, and cakes. In line with Rosa's vision of a modern and healthy lifestyle, plenty of care is put into crafting a menu that is simultaneously delicious and nutritious.

The café, which also carries on the industrial theme, has a courtyard area which is perfect for dining under the

sun, surrounded by greenery. The *al fresco* garden is bathed with natural light in the day from large, conservatory-styled windows – perfect for your social media images – and is also a cosy space for intimate gatherings and special occasions. For breakfast, Bica & Co offers a healthy Western-styled spread with cereal, nasi lemak, pastries, pancakes, eggs, sausages, freshly squeezed juices, coffee, and tea. There's something for everyone. Later in the day, Bica & Co also serves lunch and dinner right up to 10:30pm.

SHOP

Finally, unlike the standard hotel store Rosa R's General Store is a lifestyle boutique that sells the highest quality items, from leather goods to Swiss watches, clothes, and imported souvenirs. To book your stay and experience the modern lifestyle stay that Rosa promises, head to rosa.com.my. ■
